Communication

Date	27 October 2026
Team ID	Individual
Project Name	Global Olympic Sports Performance Analysis
Prepared by	Richa

Communication Plan

Individual project communication will be managed by Richa. Progress will be reviewed against the nine worksheets, three dashboards, and one Tableau Story. Since this is an individual submission, no teammates are listed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Progress review	Daily while working	Tableau Public / project notes	Richa	Track sheet and dashboard progress
2	Documentation update	As needed	Word documents / local files	Richa	Keep templates aligned with project
3	Issue review	As needed	Tableau Public	Richa	Resolve chart, filter, and aggregation issues
4	Final review	Before submission	Tableau Public and documentation	Richa	Check accuracy and completeness
5	Demo rehearsal	Before presentation	Tableau Public workbook	Richa	Present the project in a clear sequence

Communication Challenges & Resolutions

S.No	Challenge	Resolution / Action
1	Different CSVs have different fields and grains	Use the appropriate source for each chart and validate aggregations
2	Some scenario figures may not match the uploaded CSVs	Report source-calculated values and flag discrepancies
3	Investment data is categorical, not monetary	Compare investment tiers; do not claim monetary ROI
